AS USED BY CONTESTANTS ON

## SHOW SAFE BREAKERS

Hosted by Ben Shepherd (GMTV, The Xtra Factor, Krypton Factor),

**SAFE BREAKERS** is a fast paced, engaging series that encourages mind power and problem solving. Each week the series sees two teams build two vehicles in an engineering and building challenge that will push them to their limits.

**SAFE BREAKERS** is a construction spectacle in which both teams battle it out to win £5,000 which is secured in a safe. The only problem is the safe's location is somewhere seemingly inaccessible. Two days to build a vehicle which will enable them to reach the safe. Machines include an amphibious vehicle, an earth mover, a fire engine and a tank.
